# AUTOMATED CATWALK

**(832) 448.8100**

**[www.hh-america.com](http://www.hh-america.com)**

Automated Catwalk from Honghua is designed to individually index horizontally racked drill collars, drill pipe and casing into a center carrier where they can be lifted to the drill floor. It can also handle subs, logging tools to any other tubulars safely and efficiently. Optional remote control capabilities make it possible for the unit to be operated from the drill floor or from ground level using a hand-held remote console.

### **Safety**

- Eliminates the necessity for handling of tubulars during pick up and lay down operations.
- Infrared sensing technology with auto shutdown
- Auto activation/lockout of motion control devices
- Dual redundant winch cable design

### **Efficiency**

- Designed to operate at a speed which will not impair rig e efficiency.
- Eliminates the need for pickup and lay down services.

Automated Catwalk is simple to use and is extremely robust. It combines innovative engineering and proven manufacturing techniques into a product that is designed for the optimum in personnel safety, virtually eliminating the need for manual handling of tubulars.

## Specification

---

■ Tubular Length Maximum	47'
■ Tubular OD Maximum	15 ¾"
■ Tubular Weight Maximum	2,200 lbs
■ Cycle Time	20 seconds
■ Drill Floor Height Range	21' to 35'
■ Working Dimensions	31' X 30' X 82'
■ Transport Dimensions	10 ½' X 9 ½' X 60'
■ Weight Total	62,000 lbs
■ Standard HPU Drive System	Electric
■ Power requirement	75HP
